Rheumatism.

Nobody knows all about it; and nothing, now known; will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food. You can do the same.

It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it, if not, you will do no harm.

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it doesn't, it don't cure. It never does harm.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

CHAS. B. DEWEY, TRAVEL AND STUDY CLUBS.

Formed in the United States and Canada for a Visit to the Pan-American Exposition.

Dozens of experience needed to be told how much more pleasant traveling and sightseeing is a pleasure doubled. The fact that it is well to know beforehand something of the nature of what is to be seen and how to get about with the smallest loss of valuable time and inconvenience and get intelligent ideas is equally appreciated by those who have wandered from their own fireside in search of pleasure. It has been the experience of thousands of visitors to Expositions that sometimes, though in the midst of great crowds, robbed them of much of the enjoyment in store and that by reason of not acquainting themselves in advance with what was to be seen they missed the things which might have appealed to them strongest.

In view of all this, the plan of forming travel and study clubs by those who intend visiting the Pan-American Exposition at Buffalo next September which has been adopted in many cities and villages of the United States and Canada may be said to be an excellent one. The membership of these organizations is composed of people of both sexes and all ages practically. The objects are pleasant companionship, arrangements for transportation and accommodations and an intelligent and comprehensive view and knowledge of the Exposition. The course of study taken up comprehends everything in connection with the trip and the Exposition and side trips as well. Among the subjects are the following:

History and Literature of the United States and the New Possessions of the United States, (a) Geography, (b) History, (c) Literature.

Pan-American Exposition, (a) Object, (b) Arrangement of Buildings and Courts, (c) Meaning of the Exposition, (d) Cultural, (e) Educational, (f) Art, (g) Cultural, (h) Educational, (i) Art, (j)
